The undersigned has read and agreed to the following unless special arrangements have been made by property owner and approved by Planning and Zoning:

If manufactured home is currently set up in Kershaw County, the scope of work shall include:

- The arrangement for the disconnection of all utilities.
- The capping of sewer or septic lines.
- The complete demolition and/or removal of all remaining structures and piles of debris including all foundations and underpinning.
- The proper disposal of all debris at SCDHEC-permitted solid waste processing and disposal facilities.
- The removal of all rank vegetation and the cutting of grass and weeds.
- The saving and protection from damage during demolition and removal of all significant trees (twenty [20] inch or greater DBH pine trees, eight [8] inch or greater DBH all other species) per the Tree Protection regulations as prescribed in this Ordinance.
- The grading of the lot as necessary to prevent low areas and to promote proper drainage.

The above regulations may be modified if another manufactured home is to be immediately placed on the existing foundation.
