## FAMILY DAYCARE HOMES

### Section 3:3.4, Unified Code of Zoning and Land Development Regulations

#### 3:3.4-1 Definition

**Family Daycare Home** - A family daycare home is a facility within a residence in which the operator (caregiver) resides, where child daycare is regularly provided for no more than six children who are unattended by their parent or legal guardian, including those children living in the home, and children who are related to the resident operator (caregiver).

Exemption: If child daycare is provided for only a child or children related to the resident caregiver and/or the child or children of only one unrelated family, then the facility is not a family daycare home and is not subject to these conditions.
